36 MIL + STEPS WALKED THIS YEAR

JOIIN

SEE WHAT WE ACHIEVED THIS YEAR

2024

Discover how our cloud-based, financial consolidation software has changed the way organisations and accountants close accounts this year - saving hours and cutting costs every month. Take a look at the milestones we've reached and the impact we've made!

B CORP Certified

After a lengthy and intense certification process, we officially became a B Corp Certified Company this Summer!

B Corp status is an international endorsement that recognises our commitment to upholding the highest standards of social, economic, and environmental responsibility.

OVER 2 BILLION TRANSACTIONS PROCESSED

NEW FEATURES

Global Search

See everything in one place, search all your group entities and seamlessly drill down into transactions and journal entries.

Multi-Dimensional Reporting

A more rounded - 3D - view of your financial data within Joiin, comparing by period, company and/or category simultaneously.

AR-AP Ageing Reports

New layouts, a side panel packed with invoice details, and charts offering a clear, consolidated summary - all designed to streamline your workflow and provide clear insights into your accounts.

Fine Grained User Controls

Ensure sensitive financial information is only seen by the right people - selectively restrict user access to individual companies.

Joiin Connect

Our open outward API allows you to effortlessly send your Joiin financial data to any platform, CRM, reporting tool, data warehouse, or internal database. This streamlines data sharing and collaboration.

Joiin Intelligence

Provides AI-powered functionalities, predictive insights and enhanced reporting to improve your customer experience.

245

NEW FEATURES rolled-out this year, helping our customers achieve even more

OUT AND ABOUT

We shook hundreds of hands and met a lot of fantastic people! The Joiin team covered a lot of miles this year, including:

XEROCON LONDON

STACKED

SaaSStock

XEROCON NASHVILLE

FEEDBACK IS IN, THIS YEAR, WE'VE RECEIVED INCREDIBLE 5 STAR REVIEWS FROM OUR VALUED CUSTOMERS

EASIEST WAY TO CONSOLIDATE MULTIPLE XERO ENTITIES G2

I can run reports quickly and easily, cutting between full group and regional sub-groups and different time periods. It has become a vital part of my financial reporting tech stack.

A VALUABLE TOOL FOR MULTI-CURRENCY SME GROUPS! G2

It has been exceptional. Intuitive interface, Easily customisable report layouts tailored to your specific needs, seamless switching between companies and currencies, great value for money and a team that's open to feedback.

CONSOLIDATED REPORTS IN A CLICK QUICKBOOKS

Joiin is the easiest, quickest tool for consolidated reporting. It is a set & forget reporting tool that will impress your CEO for sure. Forget endless spreadsheets and formulas.

SIMPLE PIECE OF SOFTWARE THAT DOES EXACTLY WHAT YOU NEED XERO APP STORE

Seems like such an easy idea, yet missing! Joiin managed to create a beautiful app to fill the clear gap when dealing with multi-companies. We're very happy with them.

INCORPORATING CUSTOMER FEEDBACK TO ENHANCE FEATURES XERO APP STORE

Joiin's support team are some of the best, they show that they are actively interested in suggestions by taking the time to reach out and understand user requirements. They implemented my feature request in 19 days.
